FUNNY FANCIES.

Among the novelties announced for 1883 is an almanac with a new joke in it. Send in your orders early to avoid disappointment. — *Philadelphia News.*

"Gin ruins genius," says an exchange. "Yes," says the Elmira *Gazette and Free Express*, "and genius ruins a good deal of gin, so it's a stand-off."

Everybody goes to Saratoga to drink the water, but that doesn't explain why bar-tenders there are paid $200 a month, and it is hard to get them at that.— *Burlington Hawkeye.*

"The Ancient Order of the Sons and Daughters and Brothers and Sisters of Moses of the District and of the World," is the name of a fraternity of colored people in Washington.

Boston is cultured, no doubt, but there is a trifling incongruity in her singing the "Hallelujah Chorus" from the "Messiah" for the benefit of the Jews.—*New Haven Register.*

The London *Lancet* says that a moderate use of tobacco is not injurious. By moderate, not enough to hurt is meant, and the opinion is a remarkably wise one for a doctor.—*New Orleans Picayune.*

We are willing to take a certain amount of stock in newspaper accounts of Western cyclones, but when an Arkansas paper tells about a zephyr carrying a bedquilt sixty-one miles and then going back for the sheet, we ain't there.

"Why did you speak to that policeman?" asked Milligan's wife, as she and her husband were walking home from the theater the other night. "Oh, no, I don't know the man," replied Milligan; "it was simply my duty as a citizen to see if he was awake."—*Lowell Citizen.*

Of the street decorations of the late review the London *World* says: "The prize for originality must be awarded to a small hatter in the King's Road, who in a triumphal arch inscribed the words, 'Welcome to the brave of old England,' while immediately beneath was the inspiring command, 'Up, Guards and hat 'em.'"

"What Kentucky lacks in churches," says the *Christian at Work*, "she makes up in race-courses." Well, does not St. Paul tell the Christians to run with steadfastness the race set before them? How does the *Christian at Work* expect them to obey St. Paul if they have no race-courses? Who is bossing this thing, anyhow—St. Paul or the editor of the New York religious paper that clips paragraphs without giving credit?—*Texas Siftings.*

A Description of the Person of Jesus Christ, Etc.,

As it was found in an ancient manuscript sent by Publius Lentulus, President of Judea, to the Senate of Rome:

There lives at this time in Judea a man of singular character, whose name is Jesus Christ. The barbarians esteem him a prophet; but his followers adore him as the immediate offspring of the immortal God. He is endowed with such unparalleled virtue as to call back the dead from their graves, and to heal every kind of disease with a word or a touch. His person is tall and elegantly shaped; his aspect amiable and reverend. His hair flows in those beautiful shades which no united colors can match, falling into graceful curls below his ears, agreeable touching on his shoulders, and parting in the crown of his head like the head-dress of the Nazarites. His forehead is smooth, and his cheeks without a spot, save that of a lovely red. His nose and mouth are formed with exquisite symmetry; his beard is thick and suitable to the hair on his head, reaching a little below his chin, and parted in the middle like a fork, and his eyes are bright; he councils with mildness, and invites with the most tender and persuasive language. His whole address, whether in word or deed, being elegant, brave, and strictly characteristic of so exalted a being; no man has seen him laugh, but the whole world has frequently seen him weep; and so persuasive are his tears that the multitude cannot withhold their tears from joining in sympathy with him. He is very modest, temperate and wise. In short, whatever this phenomenon may be in the end, he seems at present a man of excellent beauty and divine perfection, every way surpassing the children of men.

Dr. Pierces "Golden Medical Discovery" has become so thoroughly established in public favor that were it not for the forgetfulness of the people it would not be necessary to call attention to its power to cure consumption, which is scrofula of the lungs, and other blood diseases, such as eruptions, blotches, pimples, ulcers, and "liver complaint."

How Women Would Vote.

Were women allowed to vote, every one in the land who has used Dr. Pierce's "Favorite Prescription" would vote it to be an unfailing remedy for the diseases peculiar to her sex. By druggists.

Oh, My Back!

That's a common expression and has a world of meaning. How much suffering is summed up in it.

The singular thing about it is, that pain in the back is occasioned by so many things. May be caused by kidney disease, liver complaint, consumption, cold, rheumatism, dyspepsia, overwork, nervous debility, &c.

Whatever the cause, don't neglect it. Something is wrong and needs prompt attention. No medicine has yet been discovered that will so quickly and surely cure such diseases as BROWN'S IRON BITTERS, and it does this by commencing at the foundation, and making the blood pure and rich.

Wm. P. Marshall, of Logansport, Indiana, writes: "My wife has for many years been troubled from pain in her back and general debility incident to her sex. She has taken one bottle of Brown's Iron Bitters, and I can truthfully say that she has been so much benefited that she pronounces it the only remedy of many medicines she has tried."

Leading physicians and clergymen use and recommend BROWN'S IRON BITTERS. It has cured others suffering as you are, and it will cure you.

ARIZONA TERRITORY.

Under the administration of Governor F. A. Tritle the busy little Territory of Arizona is taking her place in the front rank as a mineral-producing country. When Governor Tritle took his seat Arizona was in a disturbed condition. The civilized world had been shocked by the commission of a series of terrible crimes, and the perpetrators went scot free. The civil officers seemed powerless to bring them to justice. There was a feeling of insecurity of life and property which crippled every industry and was damaging to the advancement of any enterprise. The Tucson *Citizen* speaks of Governor Tritle as follows:

Governor Tritle at the outset found himself environed with difficulties that would have daunted a less determined man and one unschooled in frontier life. Fortunately for the Territory the Governor had been schooled in the turbulent scenes of Nevada, and was fertile in resources. Not only was the disorder a cause of annoyance and alarm, but the Executive was without means at his disposal to accomplish what his judgment dictated. He used every available means to restore peace and quiet and a feeling of security. How well he succeeded in spite of the difficulties surrounding him the present condition of the Territory furnishes the best evidence.

Through his exertions in the territory and at Washington has the present condition of affairs been wrought. In Washington he succeeded in securing the ear of the administration until the general government gave notice that if the local court authorities were powerless to suppress crime and insure peace, good order, and security of life and property, the full power of the United States government would be exerted for that purpose. The effect was marked, in spite of the protests of the cowboy element. Through his instrumentality General Crook was placed in charge of this department, which is a guarantee that we shall have no more such miserable fiascos as Wilcox's campaign against the Indians in the summer of 1881.

The United States Courts have also been put in operation and are getting at the bottom of some of the causes which have led to Indian troubles and lawlessness in this territory. The United States Courts have been practically dormant for years, and the public had come to look on federal authority with contempt. The laws were violated with impunity. This condition of affairs is at an end.

The Territorial Courts are also displaying more vigor in dealing with crimes and criminals. Robbery and murder have ceased to be safe pastimes, and those convicted of crime are given the full extremity of the law. The result is satisfactory to law-abiding citizens. This is no longer the outlaw's paradise, but a territory where the law is enforced and where life and property are as secure as in more favored sections of the Union.

This healthful state of affairs is largely the result of the efforts of Governor Tritle, who less than one year ago entered the gubernatorial office.

The GAZETTE predicts that if the people of that Territory will give Governor Tritle their support he will bring the country up to a high moral standard and make her one of the most prosperous on the coast.

The Idaho Legislature assembled at Boise City on Monday. The Council stands: Six Republicans, 3 Mormons, 2 Anti-Mormon Democrats and 1 Democratic Mormon. They have elected Colonel E. A. Wall, Anti-Mormon Democrat, President. The House stands: Twelve Republicans, 7 Mormons, 5 Democratic Mormons. They have voted three days without electing a permanent Speaker. The Mormon and Anti-Mormon issue is about as bitter here as in Utah. The Democrats and Republicans who affiliate with the Mormons are classed as "Jack" Mormons.

A remarkably cold wave is being experienced in the East. Last Saturday the thermometer registered 10 degrees below zero at New York, and Washington telegrams say the Potomac is frozen solid for a long distance, something not known before at this season in the memory of the oldest inhabitant. There is quite a contrast between the local weather and the Arctic wave on the Atlantic seaboard. In Reno we have summer weather, with the exception of an hour or two in the morning, when the air is cool and bracing.

EDITORIAL NOTES.

The following from the *Pioneer Press* gives a good idea of Minnesota weather: The blizzard abated about midnight on Wednesday, and was followed by a season of quiet, cold weather, which lasted well into the day. Then came a relaxation of the frigid tension, and the day closed with perceptibly warmer weather. The lowest registery of the thermometer in St. Paul yesterday was 18 degrees below zero.

There are in San Francisco four private residences, worth together more than $3,000,000. They belong severally to ex-Governor Stanford, Charles Crocker, Mrs. Mark Hopkins and Mr. Clinton, who represent about $130,000,000 of wealth. These magnificent structures stand unoccupied about 10 months of each year.

Henry Ward Beecher said, when referring to the death of Thurlow Weed, that when he himself died some would perhaps shed tears, and some would laugh, whereupon a New York writer says, it is the life and not the death of Mr. Beecher that will provoke laughter.

Jay Gould is, it is said, looking for illustrations for the tombstone to be erected upon the new $40,000 plat bought at Woodlawn Cemetery. How would a shorn lamb do? asks an Eastern paper. It would be kind of suggestive of life's work, and melancholy enough for a tombstone.

There is a growing coolness between England and France, which the French press is doing its utmost to intensify.

SIERRA VALLEY ITEMS.

Scraps of Interest from a Mountain Town.

[Leader of the 15th.]

Hay is still being hauled from Sierra Valley. It is something unusual for the road over the summit to be open at this season of the year.

Alex. Cunningham, who has been working for Jas. Davidson cutting logs, was severely injured the other day by a stick flying up and striking him in the eye.

Some time ago two petitions were circulated, one praying that Johnstown be declared a postoffice with H. Willoughby as P. M., and one that Johnsville also be declared a postoffice with J. H. Fletcher as P. M. The Government, not to be mean, granted the request of both. This mixes matters somewhat, and it is probable that one of the offices will be abolished, but whether Johnstown will be Johnsville or Johnsville Johnstown we have not been able to ascertain.

We notice an item going the rounds of the press to the effect that the production of butter in Sierra Valley last year amounted to 87,050 pounds. This surely must be a mistake. We know of one man alone in the valley who purchases over 150,000 pounds of Sierra Valley butter yearly, and there are a number of others who do nearly if not quite that amount of business in the butter line. The production of butter in Sierra Valley cannot be less than 500,000 pounds annually. Some difference.

A Good Suggestion.

J. L. McFarlin has suggested that the Fire Trustees put up a telephone line from the engine house to the Water Company's reservoir on the hill back of the School for Girls. It would be a splendid idea, and might save much valuable property. If a fire should break out the man at the resivoir could be informed and turn on a full head of water without delay. The Water Company do not keep on a full head unless absolutely necessary, as they are obliged to store the water when it is not actually needed. With this arrangement there would be no trouble. The expense would be comparatively small, and the arrangement should be made at once.

A Leadville Fracas—Two Men Fatally Shot.

LEADVILLE, Col., Dec. 17.

A shooting affray occurred in a Slate street dance hall at 2 o'clock this morning in which two men received fatal wounds. The trouble arose between parties named Miller and Cummings over a dispute about paying for a drink, when both drew pistols and commenced firing. Cummings received one ball in the shoulder and another in the mouth, while the third struck a looker-on named Reack, from Victoria, the ball passing through his lungs. Both men will die. Miller was untouched.

Idaho—The Governor's Message—Polygamy.

SAN FRANCISCO, Dec. 17.

A Boise City, Idaho, dispatch says: The Territorial Legislature is now organized. The Assembly has elected D. W. Fouch (Rep.) Speaker. The Governor's message was delivered last evening before joint session. He denounces in strong terms the evils of polygamy, which to a certain extent prevail in Idaho. He says: "If the Mormon church cannot survive the loss of this criminal practice, it deserves to perish from the face of the earth." He suggests the adoption of some measure so that no person shall be excluded from testifying in any proceeding of polygamy on account of marriage relations with defendant; that cohabitation with more than one woman shall be considered a continuous offense; that to preach the doctrine of polygamy or encourage others to enter into polygamous relations be punished severly as a crime in itself; that Congress be memorialized to amend the present anti-polygamy laws; calls attention to the fact that in several counties of Idaho Mormons both vote and hold office; that the prohibitions of the Edmunds bill should apply to that territory as well as Utah; and also directs attention to present defects in the election laws of Idaho and suggests remedies.

Shooting Scrape---Two Men Seriously Wounded by a Stray Bullet.

WOODLAND, Dec. 17.

This morning a shooting affray occurred at the Pacific saloon between P. J. Donnelly, a bar tender, and Thos. Dawson, an iron-moulder. Dawson shot at Donnelly but missed him, the ball passing out at the door and striking Jesse Webber, a compositor in the *Mail* office, passed through the fleshy part of his thigh and then through the leg of a night watchman, Wm. Coulter, and falling to the sidewalk. Donnelly's ball did no damage. It is thought that both persons shot will recover. Donnelly and Dawson were both arrested.

JOTTINGS.

A dull and windy Monday.

Christmas—a week from to-day.

E. Meyer takes the cake on cigars.

Sneak thieves are "plying their vocation."

Lye hominy direct from the East at J. K. Everett's. *

Only about half a dozen passengers on the morning train.

The V. & T. train was much ahead of time at noon to-day.

There is a splendid Angora robe on exhibition at the Arcade.

Everett invites all to examine his choice Christmas groceries.

Davis & Son's Christmas cigars are the finest things out. Try one.

Large quantities of provisions—grub and material—are going to Antelope.

Mrs. Thomes has furnished rooms for rent suitable for housekeeping. See 50 cent column.

It takes a good deal of grief to kill a woman just after she has purchased a seal-skin sacque.

Many persons are going to Carson to win pelf during the coming session of the Legislature.

Todhunter will ship to San Francisco a large band of cattle, just from Eagleville, as soon as they are rested.

I. Barnett's Palace of Fashion at tracts much attention. Ladies find that good bargains can be had there.

The town is full of brakebeam tourists, who are in search of Winter quarters, generally in some comfortable county jail.

"French Joe," who kicked down the jail at Alturas a few days ago and escaped, was recaptured while on his way to Reno.

F. Levy & Bro. sail along in a smooth sea of prosperity. They do a good business and are happy from the results of their enterprise.

The wind this forenoon was a holy terror. Old sailors took in their upper topsails and saw that everything was "coiled down clear for running.

The near approach of a winter storm admonishes men that they must go to the White House and get some warm clothes. A good overcoat now is necessary to health.

C. W. Jones notifies all persons indebted to the old firm of Sanders & Neal or Winchell & Cunningham to settle up at once, and save cost. See ads. in 50 cent column.

Now is the time when the average daughters of a family are engaged in making tidies, cushions, dressing gowns, etc., for the remaining portions of the household or friends.

The best thing Mr. Vennor can do is to retire for a few months from the weather business and put in his time looking up a substitute for this measly gale of wind we have had to-day.

The insurance adjusters have let a contract to rebuild the Coats Tavern for $3,400 to James Holladay, and the work will be commenced at once. When finished it will doubtless be a better house than ever.

The "dance of death" is revived. Dancing masters are now instructing their pupils that the lady's cheek must lay on the shoulder of her partner; that her arms must twine about his in order to secure the unity of motion.

The man who goes into business with the devil soon finds that his partner is sole proprietor. The proprietor of the Bazaar is well known. He buys for nothing and sells for less than cost. Nasby invites all to call and see him throw away holiday goods.

Notwithstanding the multiplication of trust companies in all our large cities, it is just as hard as ever for the impecunious person to get trusted. Jamison & Co. don't trust. They put their goods down to the lowest notch, and give their customers the full benefit of low prices.

The constantly increasing business of S. M. Jamison & Co. has made a further division of the work necessary. Miss Jennie Hill has been employed by the firm. Her valuable services will be appreciated by the public as well as the other clerks in this establishment.

Snow began to fall at Truckee this morning just before daylight, and has come down without intermission ever since. It is more than probable that we are on the edge of a big storm. It is noticed that the wood business has been particularly lively to-day, evidencing that people smell cold weather.

Holiday Goods.

Osburn & Shoemaker have received their holiday stock, and it is very elegant. It consists in part of toilet and fancy goods, celluloid and Florence sets, music stands, Japanese ware, Magnolia ware, cups and saucers, Christmas cards, peacock fans, paints, easels, kalo-meda ware, and in fact everything going to make up a first-class stock of Christmas and New Year goods. Their prices are lower than ever before and those wishing to select a Christmas present should not fail to give them a call. Read ad.

AN IMPORTANT INDUSTRY.

The Busy Town of Verdi and its Business Prospects.

Lonkey & Smith have nearly completed their extensive factory at Verdi, and are about ready for business. The new building is much better constructed and arranged in every way than the one destroyed by fire last Fall. The building occupies the same site as the old factory, just below the town, and on the north side of the C. P. railroad track. The building is two full stories high, 54 feet in width by 168 long. On the lower floor the heavy machinery is located, and comprises four large planers of the latest improved pattern, two re-sawing machines, two small planers for surfacing refuse pine (suitable for box ends or sides), besides other machinery required in the business. The upper portion of the building is occupied by the necessary machinery for making doors, sash, blinds, mouldings and brackets. In that room the turning lathes, scroll saws, etc., are located. All the glazing will be done on the second floor. On the north side of the main building is the engine room, dry house and machine shops. The engine and boiler room is 14x52 feet. In this department all the drafting is done. It requires three large tubular boilers 14 feet long by 52 inches in diameter, to furnish the steam requisite to drive the machinery and supply the steam pipes in the dry house. The engine is 90 horse power, and one of the best on the coast. The dry house is 26x38 feet, constructed of stone. The walls are two feet in thickness. The steam pipes are immediately under the stringers or piling places, and contain 3,000 running feet of pipes, varying in size from 1¼ to 4 inches. Either end of this room can be thrown open to admit taking in lumber 24 feet long. Tracks are laid from the outer door to accommodate a car 20 feet long. There are several cars of this size that may be loaded up from the outside, run into the dry house, the lumber seasoned, and run through into the main room, there to be worked up. Lumber taken green from the saw can be thoroughly seasoned, ready to be worked, in a week's time. The company have constructed tracks running in every direction through their lumber-yard, making the handling of lumber both inexpensive and convenient. A large steam elevator connects the two floors in the main building, of sufficient size to transfer such material as is necessary, from one room to the other. Every precaution has been taken to guard against fire. On either side of the roof there are two large tanks running the entire length of the structure, besides one on the roof of the engine room. Fire hose are attached to several hydrants conveniently distribgted at different points. It seems almost impossible for a fire to get any considerable headway. The firm are employing 40 men now and will likely increase the force early the coming Spring. Since their old factory was destroyed the company have used up 1,000,000 feet of lumber into boxes at their factory at Camp 16, just west of Boca, and will use as much this season at Verdi, besides working 1,000 cords of blocks into the same class of goods. They will work up 1,000,000 feet of clear lumber into rustic, mouldings, ceiling, sash, doors and blinds this Winter. They have manufactured about 6,000,000 feet of lumber the past season at the Banner mill, on Sage-hen Creek, and will cut as much more next season. The business inaugurated by this enterprising firm is one of the most important ever undertaken in the county and will eventually be one of the largest manufacturing establishments on the coast. The company have every facility for making first-class work and can go to any market west of Salt Lake. T. L. Weilbie is superintendent of the work and Joe Souchereau acts as bookkeeper and cashier for the concern.

Katz & Henry are doing a good deal of dead work now in order to be ready for the Spring trade. They have banked over 1,000,000 feet of logs this Fall and will be prepared to go into the market early in the Spring with a large quantity of seasoned lumber. Besides their lumber business they are doing extensive work in getting out wood.

B. F. Bacon is getting in a very large stock of goods to supply men at work in the hills logging and wood-cutting Billy Cobb, formerly of Franktown, is clerking in Bacon's store, and the railroad business, Wells, Fargo & Co.'s office, the work of postmaster and the store keeps them both very busy from morning till night.

A Master Mechanic.

Goeggel, the watchmaker, says that a fine watch should never be trusted to an incompetent workman for repairs. The injury liable to be done in such a case is not only immediate but of such a character that no skill applied afterward can remedy it. Go to him if you have a good watch that needs repairing. Go to him also if you want a piece of jewelry of decent quality. He deals only in goods that can be recommended and guaranteed.*

Roll of Honor.

The following is the roll of honor at Bishop Whitaker's School for Girls for the month ending Dec. 13, 1882: Armenia Grippen, 99; Cora Manning, 98.5; Kittie Grippen, 98 3; Emily Cutting, 98 3; Louise Sissa, 98.2; Bessie Boardman, 98; Mamie Strong, 97.3; Hattie Schooling, 97.1.

JAMES E. EDWARDS.

The Last of a Greatly Respected Old Man.

James Edwin Edwards, who recently died at Quincy, was beloved by a large circle of acquaintances. From a long obituary in the Plumas *National* the following facts are condensed: He was an Englishman by birth, came to California in 1854, and next year settled in Plumas, where he has lived ever since. Honest and upright in his dealings, strong in his friendships, generous and liberal to a fault, with a warm heart and a sympathetic nature, he was loved and respected by all. Old and young, rich and poor, all felt that when "Uncle Jim" laid down the cares and burdens of life, and passed "over the river," a man among men had departed, a friend had gone whose place will not soon be filled. Even the Indians and Chinamen loved and respected him, and asked and were granted a place in the procession which followed his remains to the grave. His house has been for years a haven of rest for the weary traveler, and times without number, when a stranger came, without money or friends, has he been fed and rested and sent on his way rejoicing. For many years he was one of the foremost men in business circles in Plumas, and was always ready to do his share toward anything which promised to be a public improvement. He was a member of nearly all of the secret societies, and took an active interest in all Lodge matters, in each of which he will be missed by a host of brethren who knew and loved him well. The funeral was the largest ever seen in Plumas county, and it was estimated that at least 1,000 people were assembled at the cemetery. Large delegations from Indian Valley, Greenville, Taylorville, Crescent, Meadow Valley, Spanish Ranch, Nelson Point, Johnsville and Eureka were in attendance.

PERSONALS.

D. A. Bender was in town to day.

Mark H. Morris, after a trip to the Eastern States, is visiting his brother Henry here.

Ben Small is endeavoring to obtain a situation in the San Francisco Custom House.

The President has nominated Frank G. Ward to be receiver of public moneys at Susanville.

W. A. McIntosh, the gigantic carpenter of the Comstock, is down here to assist Mr. Fenn in comprehending the damage to the Coats Tavern.

Senator Jones went East this morning, anxious to get back to Washington. Business has kept him on the coast considerably longer than he expected.

Joe Kennedy is in Oakland. His brother Tom is running a locomotive out of Portland, Oregon. The former wants to get back to Reno, and the latter would be happy to see Bodie.

Tip Clark, the well-known engineer on the V. & T., has been at Walley's Hot Springs for six weeks, to get rheumatism thawed out of him. Saturday he left there intending to resume work on the road, but was compelled to return and repeat the steaming process.

Charles Campbell, Manning & Berry's well know accountant, was seized with a nose-bleeding spell Saturday evening, and for an hour or more it seemed to baffle the skill of Dr. Bergman, who was very much puzzled to stop it. Mr. Campbell, so to speak "bled like a hog."

The Bodie *Free Press* of Saturday says: Among the departures this morning was Miss Flora Finlayson, sister of Mrs. M. M, Gillespie. She returns to her old home in Reno. Miss Finlayson, during her brief visit to Bodie, made a host of agreeable friends, who will regret her departure.

OUR MOUNTAIN MARINE.

A New and Fast Steamer for Lake Tahoe.

Messrs. Pomin & Canmer, says the Truckee *Republican*, are now at work constructing their new fast passsenger and mail boat for Lake Tahoe, and expect to launch her sometime in April. They have purchased the iron frame which was taken to the lake last Spring by Captain Todman and others, and will put in entire new machinery, and fit it up in a style superior to any boat on the lake. It will be a propellor, 90 foot deck and 12½ feet beam. The proprietors are confident they will be able to make the complete circuit of the lake, including all stoppages, in three hours. They estimate the boat will cost when launched between $8,000 and $10,000. The Governor Stanford will be overhauled and fitted up as an excursion boat. The new boat will also prove an additional attraction for the lake. Truckeeites will be enabled to visit Tahoe, make a tour of the lake and have several hours to spare, and return nome in the evening.

The New Susanville.

The prospects for Susanville never looked better. The fact that all those who were burned out are building up in such a hurry and with such substantial and sightly buildings, goes to show that business in that place must justify the improvements. The town, when all the buildings have been completed, will present a decidedly improved appearance to what it was before the conflagration.

THE COUNTY'S PLAZA.

What has been done about the Lot Bought by the Commissioners.

It seems the Board of County Commissioners were a little hasty in buying the plot of ground in front of the Lake House property. They have corrected their error by going about it in a business-like way. The Board requested the District Judge to appoint three disinterested men to appraise the property. Judge King appointed T. K. Hymers, A. A. Longley, and W. F. Berry. The gentlemen completed their work to day and have reported. They find that the plot of ground immediately in front of the Court House is designated on the maps as a plaza, J. E. Jones and A. J. Hatch holding an agreement from M. C. Lake (as Lake was formerly the owner) that the ground shall be used as such. They also found that M. J. Smith owned a lot 50 feet square on the northwest corner of the Plaza, which the Board had agreed to buy, the purchase price being $800. The lot in question is in front of the Lake House property, the south boundary of it being parallel with the north boundary of the Court House lot. They appraise the lot at $200, without making any recommendation.

GOOD RULES.

Governor Tritle's Method of Preventing Indiscriminate Pardons.

The Governor of Arizona has established the following excellent rules governing applications for pardons:

1st. A notice must be given through a newspaper published at or near the locality where the offense was committed, for which the party seeking pardon is incarcerated. Said notice to be signed by the attorneys of parties who make the application, and given at least fifteen days notice before the application is made.

2d. The testimony in full, which appears in the case, must be filed in the Governor's office.

3d. The testimony must set forth fully the grounds for asking a pardon.

4th. The petition must be signed by the judge before whom the case was tried, the grand jury who found the indictment, the petit jury that tried the case, and a reasonable number of citizens of the county or vicinity where the offense was committed. In case of failure to get judge and jury's signatures the reasons of such failure must be given.

Thanks From the Ladies.

The ladies of the M. E. Church desire to express their thanks to those who so kindly assisted them in their entertainment for the benefit of the Sunday School. One hundred and twenty-seven dollars were netted.

SKIPPED OUT.

A Watchmaker Levants with His Patrons' Tickers.

A watchmaker by the name of Jas. Pierson came to Truckee some time since and put out his shingle at the Sherritt House that he was prepared to do all kinds of watchmaking and repairing cheap for cash. He did very well for a while, says the *Republican*, but reverses came over him and he became quite discouraged. While in this unhappy frame of mind he skipped out and forgot to return several valuable watches to persons who had deposited them with him. The last heard of him he was headed for Oregon, and if his particular whereabouts can be ascertained it is the intention of the owners of the goods mentioned to call on him for the return of their valuables in the shape of a warrant of arrest. They are all very solicitous as to his future intentions, and any information will be gladly received.

TRUCKEE ITEMS.

Doings and Happenings in our Neighboring Camp.

[Republican, Dec. 16.]

Postmaster Towner has been too ill for the past three days to attend to his duties. He has a slight touch of pneumonia.

M. W. Ford, the blind musician, who is the principal witness for the prosecution in the murder case of Charles Milner, was taken to Nevada City and locked up in jail, Wednesday last.

C. H. Barnard has purchased a fine Huntington shingle machine, and will at once commence the erection of a mill near Camp 25, below Bronco. He thinks in six weeks he can commence cutting shingles.

A man name Willard Smith met with an accident at Moody's stable this morning. He was leading a horse and had the rope twisted around one of his fingers, when the horse suddenly reared back, and the flesh of the middle finger was so badly lacerated and torn that Dr. Curless was compelled to amputate it at the first joint.

Owing to financial embarrassments, the box factory of McLellan & Lowden has been closed down. This morning a deputy Sheriff arrived from the county seat with an attachment on complaint of the Boca Mill Company for $800. It is the intention of the firm to take the benefit of the insolvent act, so that all creditors will share alike. Had it not been for this, town creditors would have attached it a week ago.

Liver disease, headache and constipation, caused by bad digestion, quickly cured by Brown's Iron Bitters. 18diw

SUMMONS.

IN THE DISTRICT COURT OF THE Second Judicial District of the State of Nevada, in and for the county of Washoe. The State of Nevada sends to Ardeen Jones greeting:

You are hereby required to appear in an action commenced against you as defendant by Jemima Jones as plaintiff in the District Court of the Second Judicial District, in and for the county of Washoe, State of Nevada, and answer the complaint therein within ten days after the service on you of this Summons (exclusive of the day of service), if served in said county, or twenty days if served out of said county, but within said District, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to obtain a decree dissolving the bonds of matrimony heretofore and now existing between plaintiff and defendant. Plaintiff alleges: That plaintiff and defendant intermarried at Mono county, California, on or about July 29th, A. D. 1873, and ever since have been and now are husband and wife; that on or about Sept. 9th, A.D. 1875, you, the defendant, willfully deserted and abandoned plaintiff, and ever since have so continued, and now do so continue to desert, abandon and live apart from plaintiff, against her will, wish or consent; that for more than a year next preceding the commencement of this action now, the defendant, have failed and neglected, and now fail and neglect to provide for plaintiff the common necessaries of life, which neglect is and was not the result of poverty on your part which you could not have avoided by ordinary industry; that there are no children living of the issue of said marriage, and no common property. Plaintiff prays to be restored to her maiden name, and for costs, all of which will more fully appear from the complaint which is on file in the office of the Clerk of said Court, at Reno, in said county. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded.

In testimony whereof I, P. B. Comstock, have hereunto set my hand and affixed the seal of said Court this sixth day of December, A. D. 1878.

SEAL. P. B. COMSTOCK,
Clerk of the District Court of the Second Judicial District, Nevada, in and for Washoe county.
